

# Tal Arditi

## SINGER/SONGWRITER

---

Tal Arditi is a musical prodigy who mastered guitar by his 18th birthday. Sounding a little like electronic **José González** or acoustic **James Blake**, Tal is also influenced by **Nick Drake**, **Tash Sultana** and **Patrick Watson**.

Within four weeks of releasing his first EP in 2022, Tal was signed to Swiss label, Mouthwatering Records. In 2023, he went on tour across Germany, supporting **Black Sea Dahu** and **Steph Strings**, as well as playing his own headline shows in Switzerland, Portugal and Belgium.

Tal's live setup is truly unique—using live looping and layered soundscapes, he transforms his productions into an immersive, dynamic performance that captivates audiences in real time.

Tal's single 'Can't Get Enough of You' has been streamed more than 2,000,000 times across the world. His Single "You and I" was featured on Spotify's New Music Friday Germany and Switzerland playlists. Tal's first Album, "Love Myself" will be released in mid 2026 with Mouthwatering Records.
